SUBJECT INDEX Advances in Nursing Science Volume 18

A

Acting for patients

Ethics in the work of acting for patients. (Liaschenko) 1995;18(2):1-12

Activities of daily living

Functional performance in people with chronic obstructive pulmonary disease: A qualitative analysis. (Leidy, Haase) 1996;18(3):77-89

Adaptation

Testing an uncertainty model for women with multiple sclerosis. (Crigger) 1996;18(3):37-46

Advocacy

Advocacy and empowerment: Dichotomous or synchronous concepts? (Rafael) 1995;18(2):25-31

African Americans

Creating a culturally responsive psychotherapeutic environment for African American youths: A critical analysis. (Kendall) 1996;18(4):11-28

Alzheimer's disease

Reaching consensus: The process of recommending treatment decisions for Alzheimer's patients. (Hurley, Volicer, Rempusheski, & Fry) 1995;18(2):33-42

Artificial intelligence

Symbiosis of nurse and machine through fuzzy logic: Improved specificity of a neonatal pulse oximeter alarm. (Bosque) 1995;18(2):67-74

B

Breast cancer

Struggling to gain meaning: Living with the uncertainty of breast cancer. (Nelson) 1996;18(3):59-76

Womanspirit: A journey into healing through art in breast cancer. (Predeger) 1996;18(3):48-58

C

Caring

Advocacy and empowerment: Dichotomous or synchronous concepts? (Rafael) 1995;18(2):25-31
"Methodological notes on empathy": Further considerations. (Bennett) 1995;18(1):36-49
"The focus of the discipline of nursing": A critique and extension. (McIntyre) 1995;18(1):27-35

Carper

- From Carper's patterns of knowing to ways of being:
An ontological philosophical shift in nursing.
(Silva, Sorrell, & Sorrell) 1995;18(1):1-12

Children

- Geography of childhood sexual abuse: Women's
narratives of their childhood environments. (Hall)
1996;18(4):29-47

Chronic illness

- Creating health with chronic illness. (McWilliam,
Stewart, Brown, Desai, & Coderre) 1996;18(3):1-
14

Chronic obstructive pulmonary disease

- Functional performance in people with chronic
obstructive pulmonary disease: A qualitative
analysis. (Leidy, Haase) 1996;18(3):77-89

COACH relationship model

- Implementing the COACH relationship model:
Health promotion for mothers and children.
(Hanks, Kitzman, & Milligan) 1995;18(2):57-66

Community intervention

- Coming to voice: The power of emancipatory
community interventions. (Drevdahl)
1995;18(2):13-23

Critical theory

- Creating a culturally responsive psychotherapeutic
environment for African American youths: A
critical analysis. (Kendall) 1996;18(4):11-28

Critique

- "The focus of the discipline of nursing": A critique
and extension. (McIntyre) 1995;18(1):27-35

Critique and replication (Volume 18:1, September 1995)

- Evaluation of the Interaction Model of Client Health
Behavior through the first decade of research.
(Carter, Kulbok) 1995;18(1):62-71

- From Carper's patterns of knowing to ways of being:
An ontological philosophical shift in nursing.
(Silva, Sorrell, & Sorrell) 1995;18(1):1-12

- "Methodological notes on empathy": Further
considerations. (Bennett) 1995;18(1):36-49

- Older women and their images of health: A
replication study. (Perry, Woods) 1995;18(1):51-
60

- Stories and numbers: Coexistence without
compromise. (Ford-Gilboe, Campbell, & Berman)
1995;18(1):14-25

- "The focus of the discipline of nursing": A critique
and extension. (McIntyre) 1995;18(1):27-35

Culture

- Creating a culturally responsive psychotherapeutic
environment for African American youths: A
critical analysis. (Kendall) 1996;18(4):11-28

*E**Ecocentric view*

- Environmental paradigms: Moving toward an
ecocentric perspective. (Kleffel) 1996;18(4):1-10

Ecology

- An ecological view of the rural environment: Levels
of influence on access to health care. (Shreffler)
1996;18(4):48-59

Emancipatory inquiry

- Coming to voice: The power of emancipatory
community interventions. (Drevdahl)
1995;18(2):13-23

Empathy

- "Methodological notes on empathy": Further
considerations. (Bennett) 1995;18(1):36-49

Empowerment

- Advocacy and empowerment: Dichotomous or
synchronous concepts? (Rafael) 1995;18(2):25-31
Coming to voice: The power of emancipatory
community interventions. (Drevdahl)
1995;18(2):13-23

Environment and health (Volume 18:4, June 1996)

- An ecological view of the rural environment: Levels
of influence on access to health care. (Shreffler)
1996;18(4):48-59

- Creating a culturally responsive psychotherapeutic
environment for African American youths: A
critical analysis. (Kendall) 1996;18(4):11-28

- Environmental paradigms: Moving toward an
ecocentric perspective. (Kleffel) 1996;18(4):1-10

- Geography of childhood sexual abuse: Women's
narratives of their childhood environments. (Hall)
1996;18(4):29-47

- Technology, deskilling, and nurses: The impact of
the technologically changing environment.
(Rinard) 1996;18(4):60-69

- The emergence of the person-environment
interaction in a descriptive study of vigor in heart
failure. (Fontana) 1996;18(4):70-82

Epistemology

- From Carper's patterns of knowing to ways of being:
An ontological philosophical shift in nursing.
(Silva, Sorrell, & Sorrell) 1995;18(1):1-12

Ethics

- Advocacy and empowerment: Dichotomous or
synchronous concepts? (Rafael) 1995;18(2):25-31

Ethics in the work of acting for patients.
(Liaschenko) 1995;18(2):1-12

F

Functional performance

Functional performance in people with chronic obstructive pulmonary disease: A qualitative analysis. (Leidy, Haase) 1996;18(3):77-89

Fuzzy logic

Symbiosis of nurse and machine through fuzzy logic: Improved specificity of a neonatal pulse oximeter alarm. (Bosque) 1995;18(2):67-74

H

Healing art

Womanspirit: A journey into healing through art in breast cancer. (Predeger) 1996;18(3):48-58

Health behavior

Evaluation of the Interaction Model of Client Health Behavior through the first decade of research. (Carter, Kulbok) 1995;18(1):62-71

Health care needs

Special health care needs of homeless pregnant women. (Killion) 1995;18(2):44-56

Health concepts

Older women and their images of health: A replication study. (Perry, Woods) 1995;18(1):51-60

Health promotion

Creating health with chronic illness. (McWilliam, Stewart, Brown, Desai, & Coderre) 1996;18(3):1-14

Implementing the COACH relationship model:

Health promotion for mothers and children. (Hanks, Kitzman, & Milligan) 1995;18(2):57-66

Heart failure

The emergence of the person-environment interaction in a descriptive study of vigor in heart failure. (Fontana) 1996;18(4):70-82

Home environment

Geography of childhood sexual abuse: Women's narratives of their childhood environments. (Hall) 1996;18(4):29-47

Homelessness

A theory-based nursing intervention to instill hope in homeless veterans. (Tollett, Thomas) 1995;18(2):76-89

Special health care needs of homeless pregnant women. (Killion) 1995;18(2):44-56

I

Interaction model

Evaluation of the Interaction Model of Client Health Behavior through the first decade of research. (Carter, Kulbok) 1995;18(1):62-71

K

Knowledge

From Carper's patterns of knowing to ways of being: An ontological philosophical shift in nursing. (Silva, Sorrell, & Sorrell) 1995;18(1):1-12

L

Living with chronic illness (Volume 18:3, March 1996)

Creating health with chronic illness. (McWilliam, Stewart, Brown, Desai, & Coderre) 1996;18(3):1-14

Functional performance in people with chronic obstructive pulmonary disease: A qualitative analysis. (Leidy, Haase) 1996;18(3):77-89

Specter of the crone: The experience of vertebral fracture. (Paier) 1996;18(3):27-36

Struggling to gain meaning: Living with the uncertainty of breast cancer. (Nelson) 1996;18(3):59-76

Testing an uncertainty model for women with multiple sclerosis. (Crigger) 1996;18(3):37-46

The psychiatric model: A critical analysis of its undermining effects on nursing in chronic mental illness. (Hall) 1996;18(3):16-26

Womanspirit: A journey into healing through art in breast cancer. (Predeger) 1996;18(3):48-58

M

Mental illness

The psychiatric model: A critical analysis of its undermining effects on nursing in chronic mental illness. (Hall) 1996;18(3):16-26

Methodology

Stories and numbers: Coexistence without compromise. (Ford-Gilboe, Campbell, & Berman) 1995;18(1):14-25

Multiple sclerosis

Testing an uncertainty model for women with multiple sclerosis. (Crigger) 1996;18(3):37-46

N

Neonatal care

Symbiosis of nurse and machine through fuzzy logic: Improved specificity of a neonatal pulse oximeter alarm. (Bosque) 1995;18(2):67-74

Nurse-patient relationship

"Methodological notes on empathy": Further considerations. (Bennett) 1995;18(1):36-49

Nursing

"The focus of the discipline of nursing": A critique and extension. (McIntyre) 1995;18(1):27-35

Nursing therapeutics (Volume 18:2, December 1995)

Advocacy and empowerment: Dichotomous or synchronous concepts? (Rafael) 1995;18(2):25-31

A theory-based nursing intervention to instill hope in homeless veterans. (Tollett, Thomas) 1995;18(2):76-89

Coming to voice: The power of emancipatory community interventions. (Drevdahl) 1995;18(2):13-23

Ethics in the work of acting for patients. (Liaschenko) 1995;18(2):1-12

Implementing the COACH relationship model: Health promotion for mothers and children. (Hanks, Kitzman, & Milligan) 1995;18(2):57-66

Reaching consensus: The process of recommending treatment decisions for Alzheimer's patients. (Hurley, Volicer, Rempusheski, & Fry) 1995;18(2):33-42

Special health care needs of homeless pregnant women. (Killion) 1995;18(2):44-56

Symbiosis of nurse and machine through fuzzy logic: Improved specificity of a neonatal pulse oximeter alarm. (Bosque) 1995;18(2):67-74

O*Older women*

Older women and their images of health: A replication study. (Perry, Woods) 1995;18(1):51-60

Specter of the crone: The experience of vertebral fracture. (Paier) 1996;18(3):27-36

Ontology

From Carper's patterns of knowing to ways of being: An ontological philosophical shift in nursing. (Silva, Sorrell, & Sorrell) 1995;18(1):1-12

Osteoporosis

Specter of the crone: The experience of vertebral fracture. (Paier) 1996;18(3):27-36

P*Paradigm*

Environmental paradigms: Moving toward an ecocentric perspective. (Kleffel) 1996;18(4):1-10

Stories and numbers: Coexistence without compromise. (Ford-Gilboe, Campbell, & Berman) 1995;18(1):14-25

Person-environment

The emergence of the person-environment interaction in a descriptive study of vigor in heart failure. (Fontana) 1996;18(4):70-82

Phenomenology

Creating health with chronic illness. (McWilliam, Stewart, Brown, Desai, & Coderre) 1996;18(3):1-14

Struggling to gain meaning: Living with the uncertainty of breast cancer. (Nelson) 1996;18(3):59-76

"The focus of the discipline of nursing": A critique and extension. (McIntyre) 1995;18(1):27-35

Philosophy

Environmental paradigms: Moving toward an ecocentric perspective. (Kleffel) 1996;18(4):1-10

From Carper's patterns of knowing to ways of being: An ontological philosophical shift in nursing. (Silva, Sorrell, & Sorrell) 1995;18(1):1-12

Poverty

Implementing the COACH relationship model: Health promotion for mothers and children. (Hanks, Kitzman, & Milligan) 1995;18(2):57-66

Special health care needs of homeless pregnant women. (Killion) 1995;18(2):44-56

Pregnancy

Special health care needs of homeless pregnant women. (Killion) 1995;18(2):44-56

Proxy

Reaching consensus: The process of recommending treatment decisions for Alzheimer's patients. (Hurley, Volicer, Rempusheski, & Fry) 1995;18(2):33-42

Psychiatry

The psychiatric model: A critical analysis of its undermining effects on nursing in chronic mental illness. (Hall) 1996;18(3):16-26

Psychotherapy

Creating a culturally responsive psychotherapeutic environment for African American youths: A critical analysis. (Kendall) 1996;18(4):11-28

Pulse oximeter

Symbiosis of nurse and machine through fuzzy logic: Improved specificity of a neonatal pulse oximeter alarm. (Bosque) 1995;18(2):67-74

R

Replication study

Older women and their images of health: A replication study. (Perry, Woods) 1995;18(1):51-60

Research

Evaluation of the Interaction Model of Client Health Behavior through the first decade of research. (Carter, Kulbok) 1995;18(1):62-71

Stories and numbers: Coexistence without compromise. (Ford-Gilboe, Campbell, & Berman) 1995;18(1):14-25

Rural health care

An ecological view of the rural environment: Levels of influence on access to health care. (Shreffler) 1996;18(4):48-59

S

Sexual abuse

Geography of childhood sexual abuse: Women's narratives of their childhood environments. (Hall) 1996;18(4):29-47

Spinal fractures

Specter of the crone: The experience of vertebral fracture. (Paier) 1996;18(3):27-36

T

Technology

Technology, deskilling, and nurses: The impact of the technologically changing environment. (Rinard) 1996;18(4):60-69

Theory-based intervention

A theory-based nursing intervention to instill hope in homeless veterans. (Tollett, Thomas) 1995;18(2):76-89

Treatment decisions

Reaching consensus: The process of recommending treatment decisions for Alzheimer's patients. (Hurley, Volicer, Rempusheski, & Fry) 1995;18(2):33-42

U

Uncertainty

Struggling to gain meaning: Living with the uncertainty of breast cancer. (Nelson) 1996;18(3):59-76

Testing an uncertainty model for women with multiple sclerosis. (Crigger) 1996;18(3):37-46

V

Vigor

The emergence of the person-environment interaction in a descriptive study of vigor in heart failure. (Fontana) 1996;18(4):70-82

W

Work redesign

Technology, deskilling, and nurses: The impact of the technologically changing environment. (Rinard) 1996;18(4):60-69
